

This is a live document and it must be continuously reviewed alongside the latest Covid-19 government guidance. It must also be read alongside existing risk assessments and health and safety arrangements for your school.

The control measures listed **are prompts** and will not necessarily reflect those in all establishments and you **MUST** adapt it by adding (or removing) **and outlining in detail the control measures as appropriate to your establishment.**

If you need help to complete this risk assessment, please refer to HS47 (Risk Assessment Arrangements) or telephone the Devon Health & Safety Service on 01392 382027.

Suspected or confirmed cases of COVID-19 must be reported to the local **Public Health England (PHE) Health Protection team** on **0300 303 8162 (press Option 1, Option 1)**. This will enable you to discuss the outbreak control measures that are needed and the information to be communicated to others. You should also email the school priority alert mailbox (educate.schoolspriorityalerts-mailbox@devon.gov.uk) to ensure the DCC Education team also know promptly.

| | | | |
|--|--|--------------------------------------|-----------------|
|  | Establishment/Department: Whitchurch Primary | Establishment Risk Assessment | RA100 V2 |
| | Address: School Road Tavistock | | |
| Person(s)/Group at Risk Staff, Pupils, Visitors and Contractors | Date assessment completed: July 17 th 2020 This document is to remain under constant review due to the fast-changing nature of DfE / Government guidance in response to the challenges posed by Covid-19. | | |
| <p>Return to school risk assessment – based on the principles and guidance contained within DfE Guidance: Covid-19 Implementing protective measures in education and childcare settings (15 May 2020) and updated following the publication of Guidance for Full Opening (2 July 2020) and Managing School Premises during the Covid-19 outbreak (7 July) As part of planning for full return in the autumn term, it is a legal requirement that schools should revisit and update their risk assessments (building on the learning to date and the practices they have already developed), to consider the additional risks and control measures to enable a return to full capacity in the autumn term.</p> <p>When conducting the risk assessment. it is important that the school adopts a considered collaborative approach in line with DfE Guidance.</p> | Assessor(s): AOSW/LH | | |
| | | | |
| | | | |

| Significant Hazard Section | Control measures in place | Optional: School's comments re. mitigations put in place |
|---|--|---|
| Social distancing and reducing risk of transmission | | |
| Entrance and egress to school site causing large groups of people inside school grounds compromising social distancing. | <i>Stagger drop-off and collection times avoiding any changes to pupils that arrive at school on school transport where possible. Provide information to parents. If possible, only one parent to attend. Use alternative drop off locations where possible. Schools should also have a process for safely removing and disposing of / storing face coverings when pupils and staff who use them arrive at school and communicate it clearly to them, following the recommendations in the government guidance Staying safe outside of your home: face coverings and Guidance for Full Opening. Pupils must be instructed to wash their hands, on arrival.</i> | <i>Due to limited number of sinks we will use hand sanitiser as children come into school. Hand washing will be done in small groups during registration. More automatic hand sanitisers purchased.</i> |
| Parents gathering at school gate not social distancing | <i>Plan parents' drop-off and pick-up protocols that minimise adult to adult contact. Make clear to parents that they cannot gather at entrance gates or doors or enter the site (unless they have a pre-arranged appointment, which should be conducted safely.</i> | <i>Newsletter will explain this to parents.</i> |
| Overcrowding in classrooms and corridors. | <i>Children are to be grouped into consistent groups with contact between groups avoided (see Curriculum section below). Desks should be forward facing and spaced as far apart as possible and arranged so that face to face seating is avoided. Set out classrooms where possible to ensure access to outside space and their age appropriate equipment and resources, whilst preventing mixing with other groups. Removal of some furniture may be required to enable this. Reduce movement around the school using timetabling and appropriate selection of classroom or other learning environments. Stagger assembly groups</i> | <i>Virtual assemblies</i> |
| Risk of transmission within EYFS settings | <i>Updated Guidance for EYFS (2 July 2020) to be followed. https://www.gov.uk/government/publications/coronavirus-covid-19-early-years-and-childcare-closures/coronavirus-covid-19-early-years-and-childcare-closures removes keeping children in small consistent groups within settings, but still minimising mixing where possible taking into consideration increased risk factor to staff.</i> | |
| Groups mixing during breaks and lunchtime compromising social distancing. | <i>Staggered break times and ensure appropriate supervision is in place. Use different playground locations where possible Staggered lunchtimes & in set groups with handwashing – tables kept apart. Or lunches delivered to classrooms. Ensuring everyone keeps further apart than normal. Cleaning of tables between uses by different groups.</i> | |

| | | |
|--|---|--|
| Groups mixing during extra-curricular provision | <i>Carefully consider how such provision can work alongside wider protective measures, including keeping children within their year groups or bubbles where possible. If it is not possible to maintain bubbles being used during the school day then use small, consistent groups. As with physical activity during the school day, contact sports should not take place and recommendations set out in Protective measures for out-of-school settings during the coronavirus (COVID-19) outbreak should also be taken into consideration.</i> | <i>For the first 3 weeks we will strictly limit any mixing of groups</i> |
| Spread of virus due to increased numbers of people within the building. | <i>Inform parents that if their child needs to be accompanied to school only one parent should attend</i> | <i>Parents informed by newsletter/email</i> |
| Staff | <i>Staff should maintain Public health guidance of 2m wherever possible. If reduced to 1m as long as mitigations are in place, e.g. not face to face or wearing PPE (face covering doesn't count) or a Perspex screen in place. The priority is always to try to maintain 2m social distancing, but where this cannot be achieved, regular hand washing/cleaning and good respiratory hygiene are also important for both staff and pupils.</i> | <i>Maintaining social distance will be difficult. We will maintain second staffroom and try and maintain 2 m distance.</i> |
| Premises related matters | | |
| Changes to building use being safe for pupils & staff – e.g. storage, one-way systems, floor tape. | <i>Reviewed whole school risk assessment (RA22 or equivalent), to ensure control measures remain suitable and in place.</i> | |
| First Aid procedures – Reduced numbers of first aiders and Paediatric first aider. | <i>Review First Aid risk assessment (RA22 or equivalent). Rota systems in place to ensure adequate numbers of first aid and PFA trained staff. Communication of first aid arrangements during daily briefings. PPE within first aid supplies</i> | <i>Daily briefing meeting in place at start of term to address staff concerns.</i> |
| Fire Procedures | <i>Fire risk assessment has been reviewed. No changes necessary.</i> | <i>Tested and the children can maintain social distancing between groups.</i> |
| Water hygiene – management of legionella | <i>Review the water hygiene management plan. Regimes for flushing and monitoring of temperatures have been maintained</i> | |
| Using and monitoring new practices to reduce risk of Covid-19 transmission | <i>Training of all staff and children built into INSET and staff meetings. Assemblies and PHSE lessons.</i> | <i>Memos/emails and newsletters</i> |
| Management of premises related risks e.g. asbestos, delayed statutory testing (LOLER) | <i>Communication arrangements to ensure that requirements and controls are understood by responsible persons (e.g. signing in processes for contractors). If equipment is not within statutory test periods (e.g. lifts and hoists) then it should be taken out of use until the inspection and test can be completed.</i> | |
| Staff rooms and offices to comply with social distancing and safe working practice | <i>Numbers of people reduced at one time to allow social distancing – chairs removed/placed apart. Avoiding unnecessary gatherings. Where possible reduce the use of communal / shared facilities such as tea and coffee facilities and encourage staff to bring their own food and utensils. Enhanced cleaning</i> | <i>Two staff rooms – max 6 in a staffroom</i> |

| | | |
|--|--|--|
| | <i>regimes as per below.</i> | |
| Ventilation to reduce spread | <i>Open windows and prop doors open, where safe to do so (bearing in mind fire safety, security and safeguarding). Where mventilation systems cannot be adjusted to full fresh air systems should be operated as normal. Ventilation to chemical stores will remain operational.</i> | |
| Management of waste | <i>Bins will be empty if necessary at lunchtimes. Follow Guidance on disposal of PPE waste (such as used fluid resistant masks)</i> | <i>Need to ask MTAs to do some cleaning duties</i> |
| Management of incoming goods | <i>We will manage supplies coming into the school, which takes into consideration SD and hygiene measures. E.g. drop-off point – one person controls the process etc.</i> | |
| School owned outdoor play equipment | <i>Promote good hygiene and social distancing using signage and other methods of comms (community noticeboards, school newsletters) to set out: maximum numbers to enable SD, encouraging parents to clean children’s hands before and after play, disposal of all rubbish. Consider limiting numbers (e.g. taking out swings), using time limits, one ways systems around pieces of equipment, cleaning regimes if applicable for high traffic touch points such as slides, monkey bars and climbing frames / walls, playhouses and huts, crawl through tunnels and tube slides, exercise equipment, gates, benches and picnic tables, refuse areas and bins. Encourage effective sanitation by users, parents etc. Consult guidance on Managing Outdoor Playgrounds for equipment also used by the community. When used by the school, it must be appropriately cleaned between groups of children and only used by one group at a time.</i> | |
| Cleaning and reducing contamination | | |
| Contaminated surfaces spreading virus. | <i>Classroom based resources such as sports, art and science equipment can be used and shared within the bubble. Such resources should be cleaned frequently and meticulously and always between bubbles or rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles. Follow government guidance for working in education and childcare if a someone becomes ill with suspected COVID-19 at the setting. Follow guidance on Cleaning and decontamination of non-health care settings. Further guidance on cleaning non health care settings is to be published by Public Health England by the end of the summer term.</i> | <i>Sport equipment sprayed daily</i> |
| Shared resources and equipment increasing spread | <i>Prevent the sharing of stationery and other equipment where possible Suitable procedures in place for managing access to items of ‘heavy use’ such a photocopiers to maintain social distancing. Enhanced cleaning regimes.</i> | |

| | | |
|--|--|--|
| Cleaning staff and hygiene contractor's capacity - providing additional requirements | <i>Discuss with cleaning contractors or staff the additional cleaning requirements and agree additional hours to allow for this. Ensure cleaning products being used are suitable and that adequate supplies of cleaning materials are available. See Safe working in education and childcare for guidance on PPE and guidance on cleaning non-health care settings. Put in place an enhanced cleaning schedule and establish more frequent cleaning of shared areas or those used by different groups. Additional guidance on cleaning of non-health care settings is to be published by Public Health England by the end of the summer term.</i> | |
| Sufficient handwashing facilities for staff and pupils | <i>Where a sink is not nearby, provide supervised access to hand sanitiser in classrooms and other learning environments. Plan in regular access to facilities throughout the day. Provide additional sinks where possible. Ensure enough handwash and sanitiser stations are available based on what you have learned from usage to date.</i> | <i>Extra automatic hand sanitisers purchased to speed up process</i> |
| Additional time for staff and pupils to carry out handwashing | <i>Frequent hand cleaning as part of normal routine. Stagger regular access to handwashing facilities through the day. Build routines into behaviour expectations and school culture.</i> | |
| Handwashing practice with children | <i>Review the guidance on hand cleaning and introduce handwashing songs for younger children. Ensure that help is available for children and young people who have trouble cleaning their hands independently. See guidance and resources available at e Bug. Consider risks around ingestion of sanitiser and where this is a risk substitute for skin friendly sanitiser wipes for young children / those with complex needs.</i> | |
| Good respiratory hygiene | <i>Promote 'catch it, bin it, kill it' ensuring that enough tissues and bins are available. Support should be provided for young children and those with complex needs, particularly where children spit / use saliva. In such cases this should be considered within the pupil's individual risk assessment.</i> | <i>Bins with lids</i> |
| Sufficient supplies of soap and cleaning products | <i>Discuss with suppliers and contractors to ensure sufficient supplies and deliveries. Use regular detergents and bleach. Review COSHH assessments (RA05) and implement additional controls required where there has been any change in products.</i> | |
| Toilets being overcrowded | <i>Limit the number of children or young people who use the toilet facilities at one time. Visiting the toilet one after the other if necessary. Different groups don't need to be allocated their own toilet blocks, but toilets will need to be cleaned regularly and pupils must be encouraged to clean their hands thoroughly after using the toilet.</i> | |
| Staff related issues | | |
| Staff measures to reduce contact and transmission | <i>When assessing the return to full opening in September the following section of the DfE guidance must be followed: https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools#section-1-public-</i> | <i>We have tried to limit the movement of staff so the same teacher/TA/MTA work with one group of children</i> |

| | | |
|---|--|--|
| | <p>health-advice-to-minimise-coronavirus-covid-19-risks</p> <p>Where this cannot be met, then the school must record why and what other control measures they will adopt.</p> <p>All teachers and other staff can operate across different classes and year groups in order to facilitate the delivery of the school timetable. Where staff need to move between classes and year groups, they should try and keep their distance from pupils and other staff as much as they can, ideally 2 metres from other adults and should avoid close face to face contact and minimise time spent within 1 metre of anyone. Similarly, it will not be possible when working with many pupils who have complex needs or who need close contact care. These pupils' educational and care support should be provided as normal. When considering the return of non-teaching staff school leaders should recognise the wider government policy that staff who can work from home should do so and apply this where feasible (e.g. in administrative roles).</p> | |
| Managing supply teachers, visitors, contractors and other temporary visiting staff. | Supply teachers, peripatetic teachers and/or other temporary staff can move between schools. They should ensure they minimise contact and maintain as much distance as possible from other staff. Specialists, therapists, clinicians and other support staff for pupils with SEND should provide interventions as usual. Schools should consider how to manage other visitors to the site, such as contractors, and ensure site guidance on physical distancing and hygiene is explained to visitors on or before arrival. Where visits can happen outside of school hours, they should. A record should be kept of all visitors. It is important that staff who are managing supply teachers, visitors, contractors and other temporary visiting staff are conversant with SD and hygiene protocols within the school. | Only essential visitors on site |
| Insufficient staff capacity to deal with increased numbers of pupils - Shortage of teachers to maintain staff to pupil ratios | If there are any shortages of teachers to teach the number of classes, appropriately trained teaching assistants can be allocated to lead a group, working under the direction of a teacher. Careful planning of the year groups/classes should be undertaken based on staff availability. Supply teachers and other peripatetic staff can be engaged where necessary. See 'school Workforce' section of the DfE guidance: https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools#section-1-public-health-advice-to-minimise-coronavirus-covid-19-risks | |
| Anxiety levels of staff and community causing breakdown in staffing ratios, compromising group sizes. | Talk to staff about (and/or put in writing) the plans (for example, safety measures, timetable changes and staggered arrival and departure times), including a discussion on whether training would be helpful. If appropriate, seek GP or occupational health advice. Where the member of staff has anxieties about returning, this conversation can be held and recorded using the 'Risk assessment for all staff including vulnerable groups' - | Staff meetings, phonecalls, rotas, return to work meetings |

| | | |
|--|--|--|
| | <p>https://devoncc.sharepoint.com/:w:/s/PublicDocs/Education/ESoXeZkAQyLupPG5VVG6yQB2iEFDD4pgkko5qBbtOSEkw?e=040Qiy Further advice is available from HR if required.</p> | |
| Staff understanding of new changes – safe practice at work & in classroom. Teaching in a safe environment | <p>Talk to staff about the plans (for example, safety measures, timetable changes and staggered arrival and departure times), including discussing whether training would be helpful.</p> | |
| Accessing testing arrangements are clear for all staff | <p>Guidance about testing, including the NHS 'Test and Trace' service, is available via this link https://inside.devon.gov.uk/task/guidance-for-dealing-with-coronavirus-covid-19/essential-worker-testing/</p> | |
| Conditions for use of fluid resistant face mask and other equipment when dealing with a symptomatic child are clear and understood by staff. | <p>If a child, young person or other learner becomes unwell with symptoms of coronavirus while in their setting and needs direct personal care until they can return home a face mask should be worn by the supervising adult if a distance of 2 meters cannot be maintained.</p> <p>If contact with the child or young person is necessary, then gloves, an apron and a face mask should be worn by the supervising adult. If a risk assessment determines that there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn</p> <p>Ensuring that fluid resistant face masks are available for all schools and that a supply is maintained.</p> <p>https://www.gov.uk/government/publications/safe-working-in-education-childcare-and-childrens-social-care/safe-working-in-education-childcare-and-childrens-social-care-settings-including-the-use-of-personal-protective-equipment-ppe</p> | |
| Assessment of all staff, including high risk staff with vulnerable / shielding family member, underlying health conditions or other risk factors | <p>Staff deemed to be clinically extremely vulnerable and clinically vulnerable can return to school in the Autumn term subject to school leaders confirmation that the school is 'covid-secure', i.e. that every reasonable step has been taken to ensure the safety of children, staff, premises and community and that the full measures as provided in the DfE guidance have been applied.</p> <p>A risk assessment should be undertaken with clinically extremely vulnerable and clinically vulnerable staff returning to the school, especially where they are returning to the school for the first time since the pandemic commenced. A risk assessment should also be undertaken (or reviewed/updated if one was previously undertaken) with staff who may be anxious about returning to school and/or due to the increased numbers. The 'Risk assessment for all staff including vulnerable groups' can be used to aid and record this assessment - https://devoncc.sharepoint.com/:w:/s/PublicDocs/Education/ESoXeZkAQyLupPG5VVG6yQB2iEFDD4pgkko5qBbtOSEkw?e=040Qiy</p> | |
| Staff use of PPE | <p>Pupils whose care routinely already involves the use of PPE due to their intimate care needs will continue to receive their care in the same way. Follow guidance</p> | |

| | | |
|--|---|---|
| | https://www.gov.uk/government/publications/safe-working-in-education-childcare-and-childrens-social-care/safe-working-in-education-childcare-and-childrens-social-care-settings-including-the-use-of-personal-protective-equipment-ppe Guidance on the appropriate selection and use of PPE from DCC can be found here: http://devon.cc/ppe | |
| Use of PPE Lack of understanding | Adequate training / briefing on use and safe disposal Follow guidance on putting on and taking off standard PPE https://www.gov.uk/government/publications/covid-19-personal-protective-equipment-use-for-non-aerosol-generating-procedures and above guidance on use in education settings. | Instructions on how to use PPE with PPE and given to kitchen staff. |
| Dealing with suspected and confirmed case/ cases and outbreak. | If you have any infection control concerns or questions, please call the South West Health Protection Team on 0300 303 8162. If the matter is not urgent you can also email swhpt@phe.gov.uk . Devon County Council's Local Outbreak Management Plan (LOMP) is available here: https://www.devon.gov.uk/coronavirus-advice-in-devon/lomp/ . IF A SUSPECTED OR CONFIRMED CASE IN SCHOOL ALWAYS Contact your local Health Protection Team on 0300 303 8162 or swhpt@phe.gov.uk and inform the local authority by emailing educate.schoolspriorityalerts-mailbox@devon.gov.uk . If there is a complex situation or an outbreak is declared in your setting, you may be asked to join an Outbreak Control Team or Local Incident Management Team Meeting. School should up-date the Schools Emergency Plan to incorporate the above links. | |
| Pupil related issues | | |
| Vulnerable groups who are clinically, extremely vulnerable. | Shielding advice for all adults and children will pause on 1 August meaning that even the small number of pupils who will remain on the shielded patient list can also return to school, as can those who have family members who are shielding. Covid-19 shielding guidance from the Royal College of Paediatrics for children and young persons should be followed, and those under the care of a specialist encouraged to discuss their return to school. Any additional temporary recommendations received from local health agencies due to localised higher rates of transmission should be implemented as required. | |
| Children with EHCP and pupils who attend dual settings | A risk assessment should be completed before attendance. For dual settings work through the system of controls collaboratively, enabling any risks identified to be addressed and allowing the joint delivery of a broad and balanced curriculum for the child | N/A |
| Pupils unable to follow guidance | Some pupils will need additional support to follow these measures. Insert measures here or attach additional document. | |

| | | |
|---|---|---|
| Pupils equipment | <i>Pupils to limit the amount of equipment they bring into school each day, to essentials For individual and very frequently used equipment, such as pencils and pens, it is recommended that staff and pupils have their own items that are not shared.</i> | <i>Have asked KS2 parents to provide a pencil case with equipment so children are not sharing resources</i> |
| Member of a class becoming unwell with COVID-19 | <i>If a child is awaiting collection, they will be moved to a room where they can be isolated behind a closed door, depending on the age of the child and with appropriate adult supervision if required. Ideally, a window should be opened for ventilation. If it is not possible to isolate them, move them to an area which is at least 2 metres away from other people. Allocate a suitable room for this purpose and communicate intentions to staff. Ensure suitable PPE (including fluid resistant face mask) is available at this location.</i> | |
| School Uniform | <i>Uniforms do not need to be cleaned any more often than usual, nor do they need to be cleaned using methods which are different from normal.</i> | |
| Transport | | |
| Travel to school and provision of safe school transport: | <i>Consider school transport arrangements and where possible encourage parents and children and young people to walk or cycle to school where possible. Liaise with School Transport Team where further consideration needs to be given to taxi and escort services.</i> | |
| Dedicated school transport, including statutory provision | <i>Consider how pupils are grouped together on transport and where possible this should reflect the bubbles that are adopted within school. Ensure organised queuing/boarding and distancing within vehicles if possible. Consider the use of face coverings for children over the age of 11, where appropriate. For example, if they are likely to come into very close contact with people outside of their group or who they do not normally meet. Consider the use of hand sanitiser upon boarding and/or disembarking. Waiting for the DfE who will shortly publish new guidance to local authorities on providing dedicated school transport.</i> | N/A |
| Wider public transport | <i>It is the law that you must wear a face covering when travelling in England on public transport. Some people don't have to wear a face covering including for health, age or equality reasons. Some transport staff may not wear a face covering if it is not required for their job. You should also wear a face covering in other enclosed spaces where it is difficult to maintain social distancing. For example, at stations and in taxis and private hire vehicles. A taxi driver or private hire vehicle operator may be entitled to refuse to accept you if you do not wear a face covering.</i> | |

| | | |
|---|--|---|
| School Transport arrangements support changes to school times | <i>Liaising with the School Transport Team before change are made. Follow government guidance https://www.gov.uk/guidance/working-safely-during-coronavirus-covid-19/vehicles</i> | |
| Curriculum considerations | | |
| Planned return to normal curriculum in all subjects by Summer Term 2021 | <i>modification to the curriculum will be needed at the start of the year, so teaching time will be prioritised to address significant gaps in pupils' knowledge with the aim of returning to the school's normal curriculum content by no later than summer term 2021.</i> | |
| Suspension of some subjects for some pupils in exceptional circumstances. | N/A | |
| Music activities | <i>We are aware there may be an additional risk of infection in environments where you or others are singing, chanting, playing wind or brass instruments or shouting. This applies even if individuals are at a distance. We will consider how to reduce the risk, particularly when pupils are playing instruments or singing in small groups such as in music lessons by, for example, physical distancing and playing outside wherever possible, limiting group sizes positioning pupils back-to-back or side-to-side, avoiding sharing of instruments, and ensuring good ventilation. Singing, wind and brass playing should not take place in larger groups such as school choirs and ensembles, or school assemblies. Further detailed DfE guidance will be published shortly.</i> | <i>Phonecalls to peripatic teachers and guidelines.</i> |
| Physical activity in schools | <i>Pupils will be kept in consistent groups, sports equipment thoroughly cleaned between each use by different individual groups, and contact sports avoided. Outdoor sports will be prioritised where possible, and large indoor spaces used where it is not, maximising distancing between pupils and paying scrupulous attention to cleaning and hygiene. This is particularly important in a sports setting because of the way in which people breathe during exercise. External facilities can also be used in line with government guidance for the use of, and travel to and from, those facilities. Schools should refer to the following advice:</i> <ul style="list-style-type: none"> • guidance on the phased return of sport and recreation and guidance from Sport England for grassroot sport • advice from organisations such as the Association for Physical Education and the Youth Sport Trust <p><i>we will work with external coaches, clubs and organisations for curricular and extra-curricular activities where they are satisfied that this is safe to do so. But not at the beginning of the term.</i></p> <p><i>Activities such as active miles, making break times and lessons active and encouraging active travel help enable pupils to be physically active while encouraging physical distancing.</i></p> | |

| | | |
|---|--|--|
| Educational visits | <i>All educational visits will be planned and risk assessed following the usual school procedures and taking into consideration the Covid-19 DfE travel guidance for educational settings For additional information check with EVOLVE guidance on website.</i> | <i>Skern Lodge trip cancelled and no further trips planned</i> |
| Groups of children mixing resulting in risk of more widespread transmission | <i>Children should be grouped into consistent groups that do not mix to enable track and trace and self-isolation where necessary. Groups will be as small as possible whilst providing the full range of curriculum subjects and for Whitchurch this is likely to be up to the size of a year group. Whatever the size of the group, they will be kept apart from other groups where possible and older children should be encouraged to keep their distance within groups. We will take steps to limit interaction, sharing of rooms and social spaces between groups as much as possible. It is accepted that the youngest children cannot socially distance from each other or staff. Measure will be combined and implemented as far as is possible at all times (even if not always achieved 100% of the time). Large gatherings such as assemblies and with more than one group will be avoided</i> | <i>No WACY/breakfast club planned for September as not possible currently to be grouped in a consistent group.</i> |
| Provision of food | | |
| Food prepared on premises is compliant with Covid - 19 health and hygiene guidance | School kitchens must comply with the Guidance for food businesses on coronavirus (COVID-19) | |
| Catering staff are operating in a safe environment | <i>Catering staff to follow the relevant aspects of government guidance for food premises: https://www.gov.uk/guidance/working-safely-during-coronavirus-covid-19/restaurants-offering-takeaway-or-delivery</i> | |
| Communications with parents and others | | |
| Parents, contractors and other staff entering or working in the building – school complying with external requirements for staff safety | <i>All parents, carers or any visitors, such as suppliers, nwill be told not to enter the schoolif they are displaying any symptoms of coronavirus All visitors, suppliers, and contractors will be informed that only pre-arranged calls will be allowed on site. A site telephone number will be published in case of immediate access required.</i> | |
| Suppliers understanding and complying with new arrangements | <i>New arrangements will be shared with suppliers and deliveries to be arranged for quiet times or outside school hours</i> | |
| Communications to parents and staff | <i>Regular communications</i> | <i>Emails/texts/school APP</i> |
| Pupils and families anxious about return | <i>Support in place to address concerns and communications with parents on measures in place to reduce anxiety. Clear messaging on expectations for attendance and identification of those who may be disengaged, disadvantaged or vulnerable and where catch up funding may need to be applied.</i> | <i>Teachers have identified pupils and spoken to pupils and parents</i> |

| | | |
|--|---|--|
| Parent aggression due to anxiety and stress. | <i>Tell parents their allocated drop off and collection times and the process for doing so, including protocols for minimising adult to adult contact (for example, which entrance to use) to reduce anxiety</i> | |
| Oversight of the governing body | | |
| Lack of governor oversight during the COVID-19 crisis leads to the school failing to meet statutory requirements | <i>The governing body continues to meet regularly via online platforms. The governing body agendas are structured to ensure all statutory requirements are discussed and school leaders are held to account for their implementation. The Headteacher's report to governors includes content and updates on how the school is continuing to meet its statutory obligations in addition to covering the school's response to COVID-19. Regular dialogue with the Chair of Governors and those governors with designated responsibilities is in place. Minutes of governing body meetings are reviewed to ensure that they accurately record governors' oversight and holding leaders to account for areas of statutory responsibility.</i> | |

| Section | List Actions / Additional Control Measures | Date action to be carried out | Person Responsible |
|----------------|--|--------------------------------------|---------------------------|
| | Temperature checks | | |
| | Altered work pattern arrangements for vulnerable staff | | |
| | Increase hours for MTAs to allow for cleaning and emptying bins etc. | | |
| | Increase cleaning hours to ensure daily deep clean of all hard surfaces. | | |
| | Systems in place to reduce sharing of resources eg pencil cases ,books | | |
| | | | |

| | | | |
